BENGALURU Dr. B. R. AMBEDKAR SCHOOL OF ECONOMICS

AN INSTITUTE OF INTERNATIONAL REPUTE

Bharat Ratna Dr. B. R. Ambedkar, apart from being the principal architect of Indian Constitution, a renowned economist who was the 1st Indian to receive Doctorate from London School of Economics. To commemorate his 125th Birth anniversary, the Govt. of Karnataka intended to start an institution of International repute in the name of **Bengaluru Dr. B. R. Ambedkar School of Economics**.

The outstanding contribution of Dr.B.R. Ambedkar to the disciplines of Economics, Political Science, Public Administration, Law, Sociology & Anthropology prompted us to think of an multidisciplinary institute which will act as a fulcrum for research & evaluation of public policies, apart from being an institute which will produce ample number of thinkers, scholars & students in their respective fields.

Bengaluru has several institutions of higher learning which are among the best in the country in their respective fields. Special mention must be made of **IISC, IIM, NLSU, ISRO, JNCASR, NCBC**, etc. However, an institution in the discipline of economics & allied subjects was the need of the hour. This lacuna is being sought to be addressed with the establishment of **Bengaluru Dr. B. R. Ambedkar School of Economics**.

Accordingly, the Government of Karnataka constituted a committee of experts under the chairmanship of Shri. S. V. Ranganath, Vice Chairman, KSHEC & former Chief Secretary to the Government of Karnataka. Based on the recommendation of this committee, the Government of Karnataka & Hon'ble Chief Minister Shri. Siddaramaiah approved the establishment of this Institution at a total cost of Rs 350 crores, Rs 275 crores from government funding and Rs 75 crores from corporate sources & released Rs 107 crores in the financial year 2016-17. The Government of Karnataka has allotted 43.45 acres of land in the Jnana Bharathi Campus of Bangalore University for the establishment of the institute.

The formal structure of school was registered on 04-04-2017 & the school is expected to start functioning in the academic year 2017-18.

Vision for Campus

Identity

Creating a landmark Institute which provides a unique & complimentary experience. The campus is aimed as a composition of architectural and landscape design which satisfies its aspirations and functional requirements.

Sustainability

Buildings are being designed to respect the local climate and culture, minimize consumption of natural resources and target energy use on highest return.

Flexibility

Academic spaces are being designed to be easily reconfigured in anticipation of changing educational programs in the future. Collaborative spaces, think tanks, breakouts & quiet zones add to efficiency

How do we create a innovative platform for Research in Economics that will become

" FLAGSHIP UNIVERSITY FOR ECONOMICS IN INDIA "

and one among the best in the world?

Proposed MASTER PLAN for Bengaluru Dr. B. R. Ambedkar School of Economics campus
